Did you know, 1 in 6 American children has a developmental disability and that Montana children are 8% less likely than the national average to be screened early for developmental disabilities and delays?

My name is Laura Olsonoski and I'm reaching out to you today on behalf of the Moving Mountains Foundation, which is a nonprofit organization started in 2019.

The **Moving Mountains Foundation** is dedicated to improving the quality of life for children and adults with disabilities in Western Montana. They do so by:

- providing medical screenings to organizations who work with children.
- supporting improved access to skilled services such as occupational, physical, speech and feeding therapies.
- offering affordable or free skilled educational programs for caregivers and organizational professionals who serve vulnerable populations.
- assisting individuals in accessing equipment and supplies needed to improve independence in their activities of daily living.
- working to increase the community's overall understanding of neurodiversity by providing education and awareness through all-ability and sensory-friendly events.

Currently, many children in Western Montana are not living up to their full potential due to a lack of available services and resources. Disability Rights Montana receives calls nearly every day from families of people with disabilities requesting assistance regarding services. According to the last National Survey of Children with Special Health Care Needs Program, **21% of children with special health care needs had an unmet need for therapy, and 12% had an unmet need for mobility aids.** This gap is greatly impacting these individuals' quality of life and placing a significant long-term financial burden on families as well as the state of Montana.

Thanks to our dedicated team, we have been able to help the disabled populations in numerous Western Montana communities, but our work is not done.

I ask you today to consider supporting the Moving Mountains Foundation through our **3rd Annual Holiday Hullabaloo** event, either through sponsorship or through an in-kind donation. The event will take place **November 30th** on the 4th floor of the **Missoula Public Library** where we will have activities such as cookie decorating, pictures with Santa, music, face painting and more. Help us help *them*.

Should you have any questions, please feel free to reach out to me.

Regards,

Laura Olsonoski, OTD, OTR/L, ATP
